General Information on Shipments

Before learning to file Electronic Export Information (EEI) using *AESDirect*, here is some general information regarding EEI.

Sections in the EEI

- **Shipment Information**
This section will contain general shipment information and carrier details. **Required** for all EEI filings.
- **USPPI**
This section will contain information about the USPPI, person or entity in the United States that receives the primary benefit, monetary or otherwise, from the export transaction. **Required** for all EEI filings.
- **Freight Forwarder**
This section will contain the information about the forwarding agent authorized to file the EEI on behalf of the USPPI. This section is **conditional** based on the party filing the EEI. If your account was registered as a Forwarding Agent, you do not need to complete this section. Your profile will be loaded automatically for new EEI.
- **Ultimate Consignee**
This section is to be filled out with the information regarding the receiver of the shipment. The ultimate consignee is the person, party or designee that is located abroad and actually receives the export shipment. This is **required** for all EEI filings.
- **Intermediate Consignee**
This section will contain information about the intermediate consignee. This section is **conditional** based on how the transaction is delivered to the Ultimate Consignee.
- **Add Commodity Line**
This section will contain the information regarding the merchandise being exported. At least one line item is needed for each EEI transmitted to AES. This is **required** for all EEI filings.

Special Shipments

- **Routed export transactions** - A transaction in which the Foreign Principal Party in Interest (FPPI) authorizes a U.S. agent to facilitate export of items from the United States on its behalf and prepare and file the EEI.
- **Puerto Rico Companies** – The following is required:
 - City – must be the Puerto Rico Municipality
 - State – must be Puerto Rico (PR)
 - Country – must be United States (U.S.)
 - Postal Code – must be a valid postal code in Puerto Rico
- **Transshipments** through Mexico, Canada or another foreign country, the mode of transportation is the mode of the carrier transporting the goods out of the United States.
- **Sold en Route** – If the Ultimate Consignee is unknown at the time of export because your cargo will be sold while at sea or in the air, click the "**Sold En Route**" box. If "Sold en Route" is selected, all consignee information must be updated within 4 calendar days of exportation or as soon as the information is known. Information should be stated as follows:
 - **Ultimate Consignee Name:** Sold En Route
 - **Address 1:** SEA
 - **City:** City of First Port of Call
 - **Country:** Country of First Port of Call
- **Mail** - If your shipment is being exported by the United States Postal Service (USPS), select "Mail" as the mode of transportation. The Carrier SCAC/IATA and Conveyance Name fields should be left blank.

Parties Involved in an Export Transaction

Definitions of Parties in AES

- **U.S. Principal Party in Interest (USPPI)**
The USPPI is the person or entity in the United States that receives the primary benefit, monetary or otherwise, from the export transaction.
- **Foreign Principal Party in Interest (FPPI)**
The party shown on the document to whom final delivery or end-use of the goods will be made. This may be the ultimate consignee.
- **Ultimate Consignee**
The ultimate consignee is the person, party or designee that is located abroad and actually receives the export shipment. This may be the end-user or FPPI.
- **Freight Forwarder – Authorized Agent**
The person in the United States who is authorized by the principal party in interest to facilitate the movement of the cargo from the United States to the foreign destination and/or prepare and file the required documentation.
- **Intermediate Consignee**
The intermediate consignee is the person or entity in the foreign country that acts as an agent for the principal party in interest with the purpose of effecting delivery of items to the ultimate consignee.

About Your AESDirect Account

AESDirect has 3 different account types. Below is an overview of all account types and the roles of each user. AESDirect has 3 different account types to facilitate maintenance for companies. For a comprehensive list of responsibilities, see the Account Administrator User Guide located in the Support Center of aesdirect.census.gov.

Account Administrator Role

Inform others within company - The Account Administrator is the legal manager of the AESDirect account. If changes need to be made to the AESDirect account, formal communication must be established with AESDirect Technical Support. Only the registered Account Administrator is authorized to sign paper documents and request account changes.

Create and manage User Managers - The Account Administrator creates a username for each filer in the company. Two of these accounts can be designated as User Managers to help manage user accounts created for the company, known as User Managers.

User Manager Role

The role of a User Manager is also very similar to that of the Account Administrator. A User Manager can create new AESDirect user accounts and manage company access to AESPcLink. If necessary, they can also assist in resetting passwords for users in the company.

Unlike Account Administrators, User Managers cannot act legally on behalf of the account when contacting AESDirect Technical Support or make any changes to the Account Profile.

The Account Administrator and other User Managers can enable User Manager rights for any existing User in the company account. However, the number of User Managers is limited to 2.

User Role

Users hold the most fundamental role in AESDirect. They are responsible for the day-to-day filing of EEI. Some Users can be limited to just viewing historical filing data.

All Users may reset **forgotten** or **expired** passwords by clicking the “**Forgot your password?**” link on the Login Screen. Please note that any locked out or disabled account must contact their Account Administrator for further access.

AESDirect Interface

- Scroll to the bottom of each page to fill out all required fields.
- To enter your information, use the white navigation box in the upper left hand corner.
- To edit sections, highlight the section needed and click **"Edit Section"**
- To return to the "Shipment Viewer", click **"View EEI"**.
- To Delete a section, Click **"Clear Section"**.
- AESDirect cannot temporarily save the EEI to continue working with it before submitting the data. Closing the browser session or clicking on the "back" icon before submission will delete entries.

Colors and Symbols

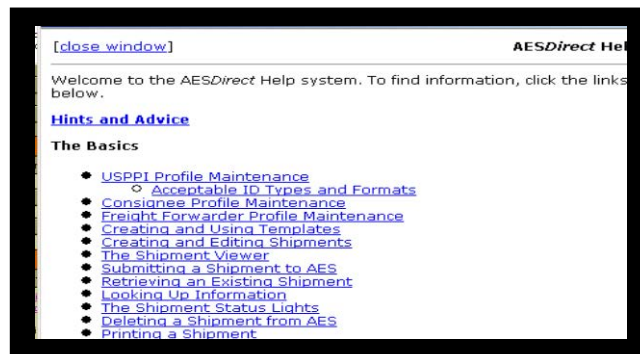

AESDirect uses the following color-code and symbol system for data entry fields:

- A **RED 'diamond'** indicates a mandatory field (Required)
- A **BLUE 'square'** indicates a conditional field (May be required)
- A **BLACK 'circle'** indicates an optional field (Not required)

Help

Help is available in each section. Click the **"Help"** link in the upper right corner to:

- Determine what is needed for each field
- Determine when the fields are required

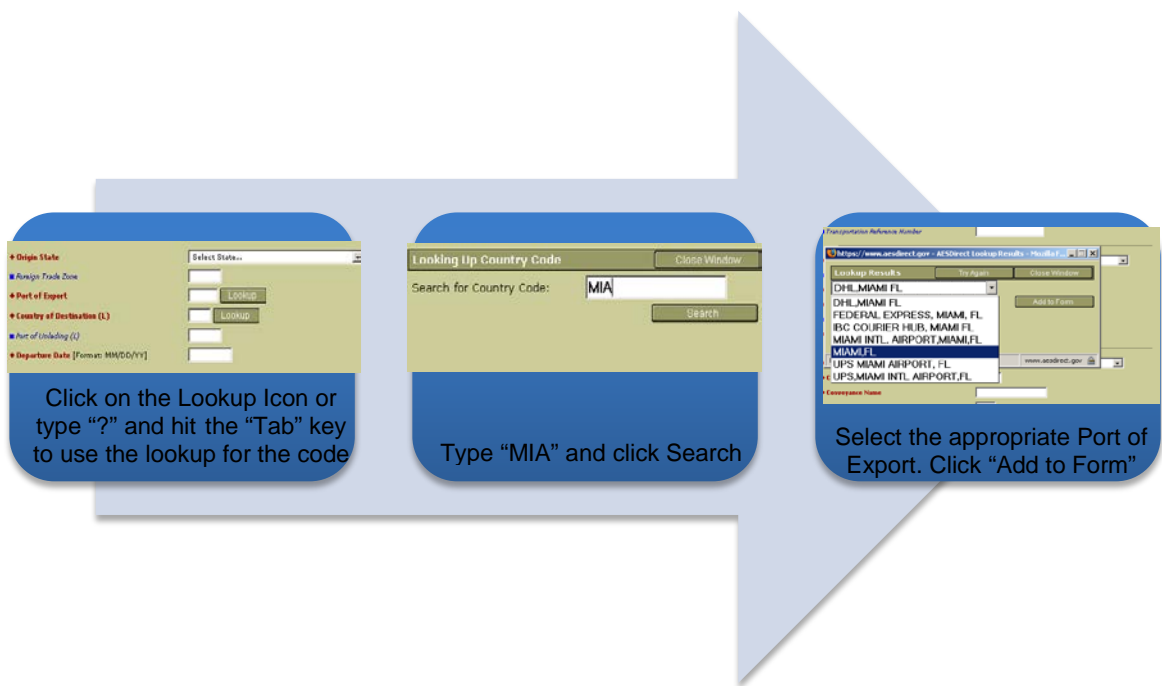

- **Lookup**

A “Lookup” menu is available to help filers search for codes required in some fields. Fields that require a code are marked with an “(L)” next to it. To use the search:

1. Click on the Lookup icon next to the respective field to pull up the lookup window.
2. Enter at least 3 characters of the name of the desired code; click **Search**.
3. Highlight the desired item and click **“Add to Form”**. The code for that item will be added to the EEI form and the lookup window will close.

Example:

1. In the Port of Export field, click on the **“Lookup”** icon located next to it.
2. Enter “MIA” to bring up the list of port names with “MIA” in the description. Click on the **“Search”** button.
3. Click on the Drop down arrow to find the listings that contain “MIA”. Find the Port of Export needed, highlight and click **“Add to Form”**.

The code will be automatically be added to the EEI form and the lookup window will close.

Getting Started with AESDirect

1. Go to aesdirect.census.gov. There are two ways to log in:

On the left hand column, under “Log In”, click “**AESDirect**”.

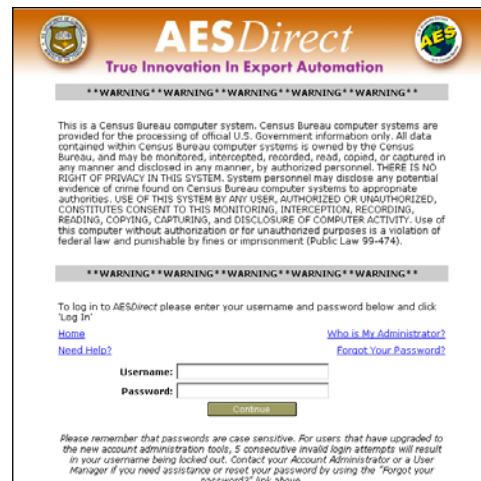

or

Look under “Already Registered?” in the center of the page, click “**Log In**”.

2. Enter Username and Password; click “**Continue**” to enter AESDirect.
3. The next screen will indicate when the password is set to expire, and the Account Administrator and User Managers listed for the company’s Account. Click “**Continue**” to go to the “Main Menu”.

AESDirect Homepage

AESDirect Login Screen

Main Menu

All functions for AES*Direct* accounts are located on the Main Menu.

Account Summary

An Account Summary is located on the left side of the Main Menu. This provides detail regarding a company's account as registered in AES*Direct*, including a password expiration counter, the company's name, filer ID, Account Administrator and User Managers.

Shipments

All AES*Direct* functions are located in this section. Options to create, retrieve, delete shipments or view shipment responses are available.

Profiles

Creating profiles saves time by storing information pertaining to frequent USPPIs, Freight Forwarders and Ultimate Consignees. Their information can be stored under each account and be loaded them directly for different EEI. See "Profiles" section for more details.

Templates

The Template Manager enables users to search, create, update, copy, and delete templates. It has the capacity to store up to 100 templates company-wide and allow for the sharing of templates between all users registered under the same EIN. See "Template Manager" section.

AES*Direct* Archive Service

AES*Direct* Accounts provide a free retention service of up to 5 years of EEI. Shipments a year or older can be accessed through this database. The same process as "Retrieve an Existing Shipment" should be followed.

AESDirect Main Menu

Create a New Shipment

On the Main Menu, under “Shipments,” click **“Create New Shipment”**

Shipment Information

Filling in the Fields

Highlight “Shipment Information” in the white navigation box, click **“Edit Section”**.
Complete each field as required.

- **E-mail Response Address** – This will be the address to which the AES Response will be sent. More than one e-mail address can be added if separated by commas. At least 1 e-mail address is **required** for all EEI filings.
- **Shipment Reference Number (SRN)** – This is a unique 17 alphanumeric identification number for each shipment. Filers create an SRN to identify each EEI filed. Once the filer has assigned an SRN, the number cannot be re-used for future shipments. Doing so will generate a Fatal Error.

It is good practice to establish a unique format in your company to create SRNs and maintain a log of all SRNs used to prevent re-using and for easy retrieval.
Required for all EEI filings.

- **Transportation Reference Number** - This is the reservation number, or booking number, assigned by the ocean carrier to hold space on the vessel for the cargo. **Conditional field**: only required for vessel shipments.
- **Origin State**- Indicate the State in which the goods begin their journey to the port of export. **Required** for all EEI filings.
If a shipment is composed of merchandise from more than one warehouse located in different states, provide the state with the commodity of greatest value; or the state where merchandise is consolidated.
- **Foreign Trade Zone (FTZ)**- Provide the 1 to 5 alphanumeric code assigned by the Foreign Trade Zone Board to either an FTZ or sub zone from which goods

are withdrawn for export. [Conditional field](#); if goods are removed from the FTZ and not entered for consumption. Foreign Trade Zones are specially licensed commercial and industrial areas or areas near ports of entry where foreign and domestic goods may be brought in without being subject to payment of Customs duties.

- **Port of Export** – The port of export is the seaport or airport where the goods are loaded on the exporting carrier that is taking the goods out of the United States, or the port where exports by overland transportation cross the U.S. border into a foreign country. **Required** for all EEI filings.
For Mail shipments, report 8000.
- **Country of Destination**- Report the country where the goods are to be consumed, further processed, stored or manufactured as known to the USPPI at the time of export. **Required** for all EEI filings.
- **Port of Unlading** – This is first port where the goods will be removed from the exporting carrier. [Conditional field](#); only required for all vessel shipments and air shipments between the U.S. and Puerto Rico.
- **Departure Date**- Report the date of export out of the U.S. **Required** for all EEI filings.

- **Mode of Transport**- Report the method by which the goods are exported from the U.S. **Required** for all EEI filings.

For shipments crossing through Canada or Mexico to another destination report the mode of transportation when the goods are loaded on the carrier that is taking the goods out of the United States.

- **Carrier SCAC/IATA** – Carrier Code that identifies the transportation company. [Conditional field](#); only required for Air, Vessel, Rail, and Truck shipments. Mail shipments do not require this information.

If the SCAC/IATA code for your carrier is not retrieved in the search, load the complete SCAC and IATA code tables. A link displayed on the webpage will redirect you to the Code Tables. Once there, locate the code by using the Find (Control F) feature on your browser.

- **Conveyance Name** – Provide the vessel name for ocean shipments and the carrier name for all other modes of transportation. [Conditional field](#); only required for Vessel, Air, Rail, and Truck shipments.
You may not report UNKNOWN as the Conveyance Name.
- **Inbond Type** – Inbond shipments that involve a warehouse or foreign trade zone may be filed in AES for informational purposes only. [Conditional field](#); Inbond shipments are NOT required to be filed in AES per FTR 30.37(e).

- **Import Entry Number** –If an Inbond type is specified, report import entry number. **Conditional field**.
- **Is this shipment a Routed Transaction?**
A shipment is considered “Routed” when the foreign principal party in interest (FPPI) authorizes a U.S. Freight Forwarder or U.S. agent to facilitate the export of items, prepare and filed the EEI on its behalf. **Required** for all EEI filings.
- **Are the USPPI and Ultimate Consignee related companies?**
Companies are considered related when either party, the USPPI and Ultimate Consignee, owns directly or indirectly 10 percent or more of the other party. **Required** for all EEI filings.
- **Is any commodity on this shipment hazardous?**
Specify if hazardous merchandise (as defined by the Department of Transportation) is being exported. **Required** for all EEI filings.

Shipment Information Section

USPPI / Freight Forwarder

Highlight “USPPI” or “Freight Forwarder” in the white navigation box, click “**Edit Section**”.

Complete each field as required. The same information is required for the Freight Forwarder.

Filling in the Fields

- **Company Information-** Indicate the company's name and identification number. **Required** in USSPI and Freight Forwarder sections for all EEI filings.
 - **USPPI ID** – The AES allows for Employer Identification Number (EIN) or Foreign Entity ID Types (ex: passport number). If using a foreign passport number, backfill with zeroes to reach 11 digits.
 - **Freight Forwarder ID** – AES allows for EIN, or Dun and Bradstreet Number (DUNS)
- **Contact Information-** Provide the first and last name of the USPPI contact person. **Required** for all EEI filings. Names must have at least two letters and cannot contain special characters such as accents or punctuation.
- **Cargo Origin-** Indicate the address (no post office box number) of the USPPI from which the merchandise actually began its journey to the port of export. For example, the EEI covering goods laden aboard a truck at a warehouse in Georgia for transport to Florida for loading onto a vessel for export to a foreign country shall show the address of the warehouse in Georgia. **Required** for all EEI filings. For shipments of multiple origins, report the address from which the commodity with the greatest value begins its export journey. If such information is not known, report the address in state in which the commodities are consolidated for export.

A screenshot of a web form titled "EEI: USPPI" with a "Help" link in the top right corner. The form is divided into three main sections: "Company Information", "Contact Information", and "Cargo Origin". The "Company Information" section includes fields for "Company Name" (with a "Select from Profiles" button) and "ID Number" (with a "Select ID Number Type..." dropdown). The "Contact Information" section includes fields for "First Name", "Last Name", and "Phone Number". The "Cargo Origin" section includes fields for "Address Line 1", "Address Line 2", "City", "State" (with a "Select State..." dropdown), and "Postal Code". A help link "[Help: What Address Should be Reported?]" is located next to the "Cargo Origin" section header.

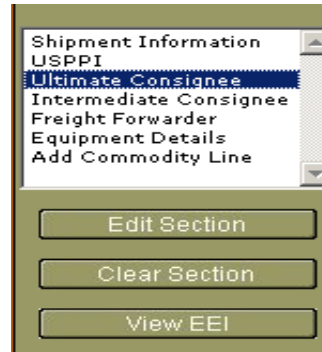

USPPI Section

Ultimate Consignee / Intermediate Consignee

Highlight “Ultimate Consignee”. Click “**Edit Section**”. Complete each field as required. The same information will be required for the “Intermediate Consignee”.

Filling in the Fields

- **Company Information-** Provide the company's name. **Required** for all EEI filings. If you select “Sold en Route”, all consignee information must be updated within 4 calendar days from the departure date.
- **Contact Information-** If you provide a first and last name, do not include any special characters. The phone number must be provided in the correct format (NNNNNNNNNN). Optional section.
- **Company Address-** Fields in the address section may be **required** or **conditional** based on destination of shipment.
 - **Address-** Provide the Company's address including street, city and country. **Required** for all EEI filings.
 - **State-** Report appropriate state. **Conditional field**. Only required for U.S. and Mexican consignees.
 - **Postal Code** – **Conditional field**. A Postal Code is only required for shipments between the U.S. and Puerto Rico.

Ultimate Consignee Section

Add a Commodity Line

Highlight “Add Commodity Line”. Click “**Edit Section**”. Complete each field as required.

Filling in the Fields

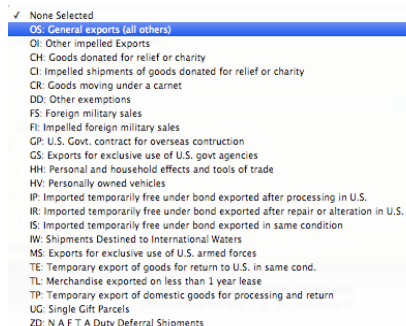

The screenshot shows a web interface with a dropdown menu on the left containing the following items: Shipment Information, USPPI, Ultimate Consignee, Intermediate Consignee, Freight Forwarder, Equipment Details, and Add Commodity Line. The 'Add Commodity Line' item is highlighted with a blue background. To the right of the menu are three buttons: 'Edit Section', 'Clear Section', and 'View EEI'.

- **Schedule B or HTS Number** – Both Schedule B and HTS commodity classification codes can be reported in *AESDirect*. Some HTS Numbers are not valid for Export (see “Invalid HTS” link or access the *AESDirect* Codes in the Support Center section of aesdirect.census.gov). Provide the full 10 digits without periods. If you do not have your Schedule B number, use the lookup function to locate. **Conditional field**. Not required if Export Code HH (Personal and household effects and tools of the trade) is selected.
- **Commodity Description**- Provide an appropriate commercial description for the commodity. **Required** for all EEI filings.
- **Marks and Numbers**- Fill for record-keeping purposes only. This is an optional field.
- **1st and 2nd Quantity**- Report the total quantity of the commodity being exported per commodity code classification. Report in the unit of measure as required by the system. **Conditional field**. Not required if Export Code HH (Personal and household effects and tools of the trade) is selected.
Exporters must comply with specific quantities issued by governmental agencies.
- **Unit for 1st and 2nd Quantity**- The Unit of Measure is determined by the Schedule B or HTS number entered. When a valid Schedule B or Harmonized Tariff number is entered, the unit of measure required will automatically populate. Do *not* change the Unit(s) of Measure. **Conditional field**. Not required if Export Code HH (Personal and household effects and tools of the trade) is selected.
 - To determine the correct Unit(s) of Measure, link to the Census Foreign Trade Division website for Schedule B or the International Trade Commission Website for HTS.
- **Value**- Report the value of the goods at the U.S. port of export. The value shall be the selling price of the goods including inland or domestic freight, insurance, and other charges to the U.S. For more details, see Foreign Trade Regulations FTR 30.6(a)(17). **Required** for all EEI filings.
- **Gross Weight**- The shipping weight must be reported in kilograms. Include the weight of the commodity and weight of normal packaging. **Required** for all EEI filings. For more details, see Foreign Trade Regulations FTR 30.6(a)(16).

Quantity, Value, and Weight fields must be entered using **whole** numbers. Do not use symbols.

- **Export Code-** Select the code that identifies the type or condition of the export transaction being made. **Required** for all EEI filings.

Export Code drop down Menu

- **Origin of Goods-** Select “domestic” for commodities grown, produced or manufactured in the U.S., including goods with foreign components assembled as a new good in the U.S. Select “foreign” for goods grown, produced or manufactured in foreign countries and upon entering the U.S. have not undergone any change in form or condition. If the commodity classification number is the same, but the origins vary, report foreign goods separately from domestic goods. **Conditional field.** Not required if Export Code HH (Personal and household effects and tools of the trade) is selected.

- **License Type-** Select the appropriate license type for the commodity. **Required** for all EEI filings. The license type will determine which fields need to be reported.

License Type drop down menu

- **Export License Number-** This would be the license number, permit number or authorization number assigned by the agency issuing the export license. **Conditional field.** Only required for shipments requiring an export license.
- **ECCN- This number is used to identify items on the Commerce Control List (CCL).** **Conditional field;** based on merchandise exported.

A complete listing of license codes and descriptions for the U.S. Department of Commerce, Office of Foreign Assets Control (OFAC), Nuclear Regulatory Commission, U.S. Department of State and other Partnership Agency licenses, can be found under **Appendix F** of the AES Trade Interface Requirements (AESTIR).

http://www.cbp.gov/xp/cgov/trade/automated/aes/tech_docs/aestir/

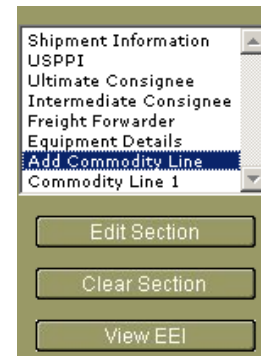

- **Is this commodity a Used Vehicle?** - Any self-propelled vehicle that has been purchased and then re-sold (even if the vehicle is only days old) is considered a used vehicle. **Required** for all EEI filings.

- **Vehicle Information-** Used vehicle exports require vehicle information to be filled in the EEI. **Conditional fields.** Only complete if you selected ‘yes’ to previous question. A separate commodity line is needed for each used vehicle reported.

Adding more than one commodity

Separate commodity lines will distinguish merchandise valued over \$2500 or requiring an export license per commodity classification code.

After entering all the required fields for the first commodity; highlight “Add Commodity Line”; click “**Edit Section**”. This will save your first line item and open a new commodity screen. Complete each field as required.

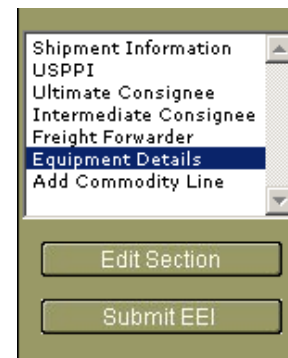

A screenshot of a web application menu. The menu is titled 'Shipments Information' and contains the following items: 'USPPI', 'Ultimate Consignee', 'Intermediate Consignee', 'Freight Forwarder', 'Equipment Details', 'Add Commodity Line' (highlighted in blue), and 'Commodity Line 1'. Below the menu are three buttons: 'Edit Section', 'Clear Section', and 'View EEI'.

The website allows up to 99 commodity lines per EEI. Any export shipments with more than 99 line items must be filed in more than one shipment.

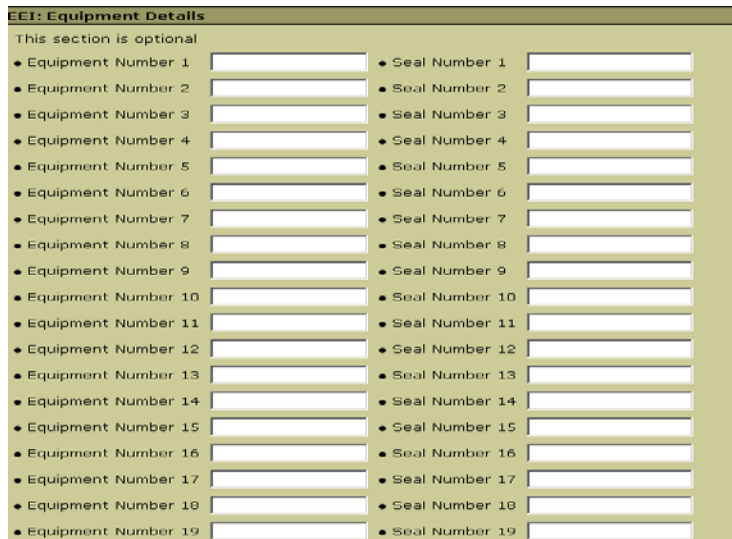

Equipment Details

This is an optional section. If a Seal Number is submitted, a corresponding Equipment Number must also be submitted.

Highlight “Equipment Details”. Click “**Edit Section**”.

A screenshot of a web application menu. The menu is titled 'Shipments Information' and contains the following items: 'USPPI', 'Ultimate Consignee', 'Intermediate Consignee', 'Freight Forwarder', 'Equipment Details' (highlighted in blue), and 'Add Commodity Line'. Below the menu are two buttons: 'Edit Section' and 'Submit EEI'.

A screenshot of the 'EEI: Equipment Details' section. The title 'EEI: Equipment Details' is at the top. Below it, the text 'This section is optional' is displayed. The section contains two columns of input fields. The left column is labeled 'Equipment Number' and the right column is labeled 'Seal Number'. Both columns have 19 rows of input fields, numbered 1 through 19. Each row has a bullet point before the input field.

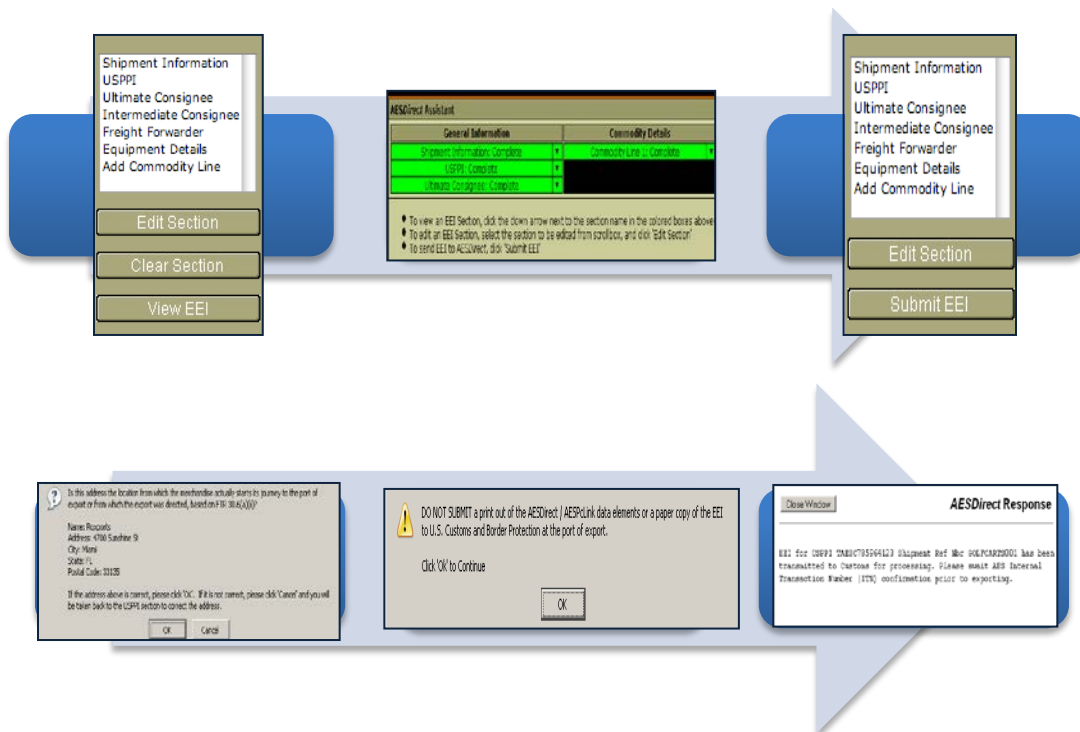

Equipment Details Section

Send Shipment to AES

**Make sure all pop-up blockers are turned off to submit EEI to AES.
If pop-blockers are not disabled, the shipment will not be properly transmitted.**

When a shipment is complete, it must be sent to AES for processing. A valid Internal Transaction Number (ITN) **must** be received prior to exporting. Provide this confirmation on your loading documents. See “AES Proof of Filing Citations” section for more details.

1. Once all required sections are complete, click “**View EEI**” on the left side of the screen.
2. In the “Shipment Viewer” Screen, verify that all section bars located at the top of the screen appear in **GREEN**. If **YELLOW**, the section is missing some required information. If **RED**, the section is required but has not been started yet.
3. Click “**Submit EEI**” on the left side of the screen.
4. Verify the USPPI address. If correct, click “**OK**”.
5. Acknowledge that you will not submit a paper copy of the EEI to U.S. Customs and Border Protection (CBP), click “**OK**”. If any information does not pass the *AESDirect* edits, an error message will appear prior to sending your shipment to AES. Correct any errors and restart the Send Shipment procedure.
6. When a shipment is submitted successfully, a pop-up message will indicate that the shipment has been transmitted to CBP for processing. **If this message is not received, the shipment *has not* been submitted.** Verify pop-up blocker settings.

Shipment Manager

Search for Shipments

Retrieve, Delete, Print and Save as Template

Access the Shipment Manager

Manage your filings, improve your export filing compliance and learn how to make the most of your AESDirect account!

To access the Shipment Manager, click on the “Shipment Manager” link from the Main Menu. Once there, the screen below will appear.

Main Menu

A screenshot of the 'Search Shipments' interface. It includes a header with 'Search Shipments', 'Retrieve a Shipment', and 'Main Menu' buttons. The main area contains a search bar with a dropdown menu for 'Search for shipments by', a 'Save Search' button, and a 'Filter your search' dropdown with an 'Add to Filter' button. There is also a 'Previous Downloads' dropdown at the bottom right.

Search for Shipments

Searching for your company's shipments can be done for the past five years of EEI transmitted. You can only search for a three-month period at once. You can search for shipments by entering the AES ITN or by entering the Shipment Reference Number. You also have the option to display all EEI that was either **filed or edited** during that day, the day before, or within the past 7 days of the current date. This is the same for searches by the **date of export**.

A screenshot of the 'Search Function' dropdown menu. The dropdown is open, showing options: 'Today's Activity', 'Date of Export', 'Date of Filing', 'Shipment Reference Number', and 'AES ITN'. The 'Date of Export' option is selected, and a sub-menu is visible with options: 'Today's Exports', 'Yesterday's Exports', 'Last 7 Days', and 'Choose Export Date'. The 'Add to Filter' button is also visible.

Search Function

Search by Date

If you prefer to search by specific criteria such as **License Type**, **Username**, **Carrier SCAC/IATA**, etc.), you must enter a timeframe to search by. Searches can be done by date of export for the shipment or by the date the shipment was filed.

The diagram illustrates the search date options. On the left, two buttons are shown: a blue button labeled "Date of export" and an orange button labeled "Date of filing", separated by a small white box with the word "or". To the right is a calendar interface for February 2011. The calendar shows days of the week (Su, Mo, Tu, We, Th, Fr, Sa) and dates. The date 15 is highlighted with an orange border.

Once you click Search, the output will generate the list of shipments that match the date range entered. There, you can preview details of the shipments before retrieving. You will see an example of that in pg. 22. If your search generates too many results, it may be easier to filter your search.

Filter your Search

- 1) Select the Search criteria you are looking for. You can select more than one filter criteria by selecting another search criteria and selecting "Add to Filter". You can unselect a field by using the checkboxes on the top of your search.

The screenshot shows the "Search Shipments" interface. At the top are tabs: "Search Shipments", "Retrieve a Shipment", and "Main Menu". Below the tabs, there are filter options: "Filter By: ☒ USPPI Name: jame ☒ Country of Destination: SPAIN". There are also buttons for "Clear All Filters" and "Save Search". Below this, there are two dropdown menus: "Search for shipments by" and "Filter your search". The "Filter your search" dropdown is open, showing a list of criteria: "USPPI ID", "USPPI Name", "Consignee Name", "Country of Destination", "Port of Export", "Carrier SCAC/IATA", "License Type", and "Username". The "Add to Filter" button is highlighted with a red circle.

Search Function

- 2) If you want to remove all the filters, maintaining the dates already selected, use the "Clear All Filters" icon.
- 3) To look for a shipment, select what you wish to search by from the "Search for Shipments by" drop down menu. You can search by single criteria or you can filter your search to be more specific if you have more than one criteria shown to the right.

The dropdown menu shows the following options: "Filter your search", "USPPI ID", "USPPI Name", "Consignee Name", "Country of Destination", "Port of Export", "Carrier SCAC/IATA", "License Type", and "Username". The "Country of Destination" option is highlighted.

Tabs

Once the search output has been generated, you can organize your results. You are able to filter EEI based on the **current AES Status** for each EEI. The status can be organized by: All Shipments; Accepted shipments; Shipments with Compliance Alerts, Verify Alerts, Warning Messages, or Informational messages; Rejected or Update Rejected Shipments; Cancelled Shipments, Cancelled Submitted or Rejected; Submitted Shipments (but not yet processed by AES); Update Submitted, and Cancel Submitted.

To do so, click on the tab for the shipments you would like to view.

Tabs in Search Results

Show More/Show Less Shipment Details

By default, the Shipment Manager will provide search results with the **Shipment Reference Number, Status of the Shipment, the AES ITN, the Date of Filing and the Date of Export**. If you want to see more details, click on the “Show More Shipment Details” link.

Show More Shipment Details »

By clicking on the “Show More Shipment Details” link, you will be able to preview other details of your shipment without having to retrieve the shipment. The additional details shown by enabling “More details” are: **USPPI Name, USPPI ID, Consignee Name and Country of Destination**.

If you want to return to the default output of the Search Results, you can click on the “Show Less Shipment Details” link.

« Show Less Shipment Details

Results per Page

By default the Shipment Manager will generate search results showing 10 EEI records per page. If you want to see more EEI in each page, select the amount of records from the “records per page” dropdown menu.

10 records per page ▼

Sort Search Results

You can sort the output by any of the columns with a triangle next to it. To identify how the output is being sorted, the column that is sorted will highlight the triangle in orange.

Status ▼

Magnifying Glass Preview

The search results will display a broad summary for each of the returned EEI. If this summary is not enough to identify your shipment, you can display additional shipment details in your screen. Simply expand the output with the Magnifying Glass icon found next to the Shipment Reference Number.

The following additional details will be provided:

- Port of Export
- Port of Unlading
- USPPI Address
- Consignee Address
- Username that created shipment
- Username that updated shipment

Submission Type	Response Date	Status	Severity	Code	Narrative
Add	01/31/2011 14:07:58	Rejected	Fatal	970	SHIPMENT REJECTED; RESOLVE & RETRANSMIT
				624	SCHED B/HTS NBR OUTDATED-CANNOT BE USED

624 - SCHED B/HTS NBR OUTDATED-CANNOT BE USED	
What causes this message:	The Schedule B/HTS Number declared is no longer valid in AES.
How to resolve this message:	The Schedule B/HTS Number declared on an EEI cannot be outdated. An active Schedule B/HTS Number must be reported when adding or replacing a commodity line item. AES compares the Departure Date to the Beginning and End date of each Schedule B/HTS Number. Retrieve shipment, correct the Schedule B/HTS Number, correct and resubmit. For help obtaining a Schedule B Number, go to: http://uscensus.prod.3ceonline.com

Manage Shipments – “I want to...”

After you conduct your search, it's easy to manage your shipments. A convenient drop down menu that says: "I want to..." will be available on the far left side of the search results. It will allow you to **retrieve**, **delete**, **print** or even **save** a selected shipment as a **template**.

	Shipment Reference Number ^	Status ^	AES ITN	Date of Filing ^	Date of Export ^

Example of Print Page

Save Frequently Used Searches

You can save the type of search queries you conduct the most. For example, if weekly you search for all the shipments filed by a particular person within your company, you can save this "frequent search query". Search for the week and filter by username. After the search results are generated, use the "Save Search" icon for the program to save up to 5 favorite searches for future visits. You will be able to save frequent searches within your username to eliminate rekeying of frequently used search criteria.

- 1) Click on the "Save Search" Icon on the top right of your screen.

Save Search

- 2) Just give the search template a name that helps you identify it.

Save Search

Search Name:

- 3) Next time you want to search for a shipment, simply select the search you want to use.

Save Search

Saved searches

✖ Weekly Larry

✖ 1st wk of month

To delete a "Saved Search", click on the red "X" next to the Saved search name.

Export to a Spreadsheet File

You can export search outputs into a spreadsheet format. This serves as a tool to assist your company achieve full compliance. All the criteria displayed on your screen will be exported to the spreadsheet.

- 1) Click on the “Download” Icon on your screen. Enter a name for the current report. You will later use this name to track past reports.

Exporting a Report to Spreadsheet

- 2) You will receive a pop-up indicating the report is being processed. A second pop-up will indicate your report is ready for download.

- 3) A third pop up will ask you if you wish to open or save the report.
- 4) Open file in your preferred csv. format. See next an example of the file opened with Microsoft Excel 2007.

Example of Spreadsheet

Search for Previous Downloads

If you had previously created a report and want to refer back to it, you can. The Shipment Manager allows you to search for past reports.

Previous Downloads		
Monthly Verify Messages	02/28/2011	Available
Machinery to Spain	02/28/2011	Available
Exports to Brazil	02/28/2011	Available

Retrieve a Shipment

Previously filed shipments can be retrieved by entering the Shipment Reference Number (SRN) and the USPPI ID or, if the EEI was accepted, by entering the Internal Transaction Number (ITN). You will be taken into the “Shipment Viewer” from your account once the shipment is retrieved.

- 1) From the “Retrieve a Shipment” tab, you have the option of retrieving by ITN or by entering the Shipment Reference Number and the USPPI ID number.
- 2) After entering the SRN/USPPI ID or ITN, click “OK”.

Search Shipments	Retrieve a Shipment	Main Menu
Shipment Reference Number: <input type="text"/>		
OR AES ITN: <input type="text"/>		
USPPI ID: <input type="text"/>		
<input type="button" value="OK"/> <input type="button" value="Cancel"/>		
<small>If you decide to retrieve the shipment from this tab, you will not pull up the Status of your shipment and you will not be asked if you want to save as a template, print or retrieve the shipment. If you choose to retrieve the shipment from this page, the system will pull up your shipment in the Shipment Viewer to allow for changes or edits. If you want to see details regarding your shipment before pulling it up entirely, use the "Search Shipments" tab.</small>		

Help Icon

Retrieve a Shipment from the Shipment Manager

If you forget what some of the features are for the Shipment Manager, simply click on the Question Mark icon found throughout the application. This will give you hints on what each function is about.

Retrieve, Amend/Correct, Print, and Delete a Shipment

Previously filed shipments can be retrieved by entering the Shipment Reference Number (SRN) and the USPPI ID or, if the EEI was accepted, by entering the Internal Transaction Number (ITN). Once the shipment is retrieved, the options of verifying, printing or using the shipment as a template become available.

Retrieve a Shipment

1. From the Main Menu under the “Shipments” section, click **“Retrieve Existing Shipment”**.
2. Click **“Retrieve Shipments”** tab to retrieve by SRN/USPPI ID or **“Retrieve Shipments by ITN”** tab to retrieve the shipment by ITN.
3. After entering the SRN/USPPI ID or ITN, click **“Retrieve Shipment”**.

Shipment Reporting Center Screen

Shipment has been retrieved

Amend/Correct a Shipment

Information pertinent to an EEI may change during export process. When information regarding an export transaction changes, it must be updated in the EEI. *AESDirect* provides the option of replacing existing shipments with new information without changing the ITN that was originally received.

1. From the Main Menu, under the “Shipments” section, select “Retrieve Existing Shipment”.
2. If updates are needed, click **“Amend/Correct This EEI”**.
 - a. Highlight the section that needs correction, click **“Edit Section”**.
 - b. Make the corrections, click **“View EEI”**.
 - c. Click **“Submit EEI”** to send to AES for processing.

After making necessary changes, make sure to re-submit the shipment under the **same** Shipment Reference Number as the original shipment. Your ITN will stay the **same**.

You will receive a warning if the shipment you are submitting already exists. If your intent is to replace the shipment select “OK”.

Another confirmation message will appear to ensure that you would like to correct information to the existing shipment.

Print a Shipment

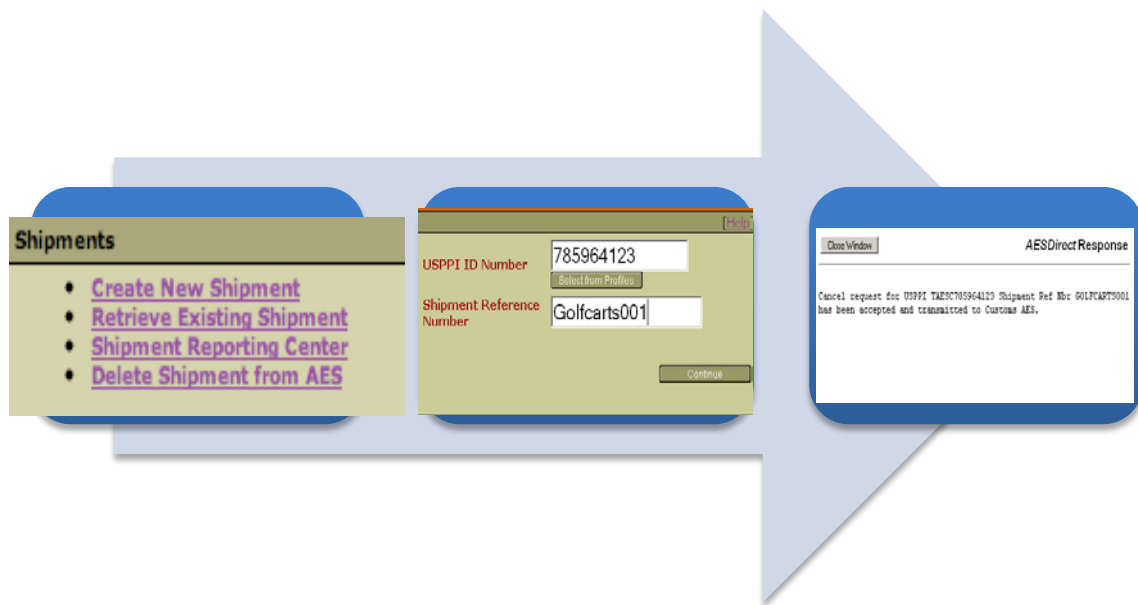

1. Retrieve Existing Shipment (see “Retrieve a Shipment” instructions)
2. Click “**Print EEI**” to Print Shipment.

Only print the shipment for your records. Do not to submit a paper copy to U.S. Customs and Border Protection, as it would be a violation to the Foreign Trade Regulations.

Delete a Shipment

1. From the Main Menu, under “Shipments” section, click “**Delete Shipment from AES**”
2. Enter USPPI ID Number and Shipment Reference Number
3. Click “**Continue**”. This will send a message to delete the shipment from AES. Do not delete twice; this action will generate a Fatal Error.

Process Flow of Deleting a Shipment

Template Manager

Templates of recurring shipments may be created in *AESDirect*. This feature will save time for frequent shipments from the same USPPI to the same Ultimate Consignee. All fields will be saved except: Shipment Reference Number, Transportation Reference Number, Origin State, Departure Date, 1st and 2nd Quantity, Value, and Gross Weight. There is also an option of creating templates from previously submitted shipments (see Retrieve a Shipment section). All users have access to templates associated with their company's account. As many as 100 templates can be stored per account.

To access the Template Manager, click "Manage Templates from the *AESDirect* Main Menu. All 100 templates are stored and displayed here.

Templates may be **sorted** by clicking on the triangle beside the desired sort field according to:

- Name
- Description
- USPPI Name
- USPPI ID
- Consignee
- Date created
- Date updated

Templates can also be **searched** for by a variety of criteria, including:

- Name
- Description
- USPPI Name
- USPPI ID
- Consignee Name

Template Manager

The Template Manager has the capacity to show a preview of the information stored on each template before loading. To use this feature, click on the **[+]** beside the template name. The “Copy”, “Rename” and “Delete” functions will be displayed.

Copy:

1. To copy a template, click on the “**Duplicate paper**” icon under the template name.
 2. Enter a New Template Name and a New Description. Click “**OK**”.
- The New Template will automatically load to the Template Manager.

Copy Template:

New Template Name:

New Description:

OK Cancel

Rename:

1. To rename a template, click on the icon with “**A document being updated into a B document**” under the template name.
2. Enter a new Template Name and a New Description. Click “**OK**”
3. The renamed template will automatically load to the Template Manager.

Rename Template:

New Template Name:

New Description:

OK Cancel

Delete:

1. To delete a template, click on the [+] sign underneath the Template Name.
2. Click on the "X" under the Template Name.
3. A message will be prompted before deleting the selected template. To delete, click, "Ok".

Create a New Template

Complete an EEI. Once all desired sections are complete, click "**View EEI**" on the left side of the screen.

1. In the "Shipment Viewer" screen, click "**Save as a Template**".
2. Enter a name and description for the template. Use only alphanumeric characters; no spaces are allowed in the template name.
3. Click "**Save**". A skeleton of the shipment will be saved.

Process Flow of Saving a Shipment

Load an Existing Template

1. In the “Shipment Viewer” screen, click “**Load Template**”
2. Locate desired template
3. Click the template name to load the template. The “Shipment Viewer” screen indicates the name of the template loaded.
4. Complete the empty fields prior to submitting EEI.

Update a Template in the Shipment Viewer

1. Load an existing template as instructed above.
2. Make any desired changes to the template.
3. Click “**View EEI**”. Once in the “Shipment Viewer” screen, click “**Update Template**”.
4. A message will be prompted to confirm the Template update. Click “**Update**”.

Profiles

AESDirect provides the benefit of creating profiles of recurring companies for your export transactions. This feature saves time of re entering company information for frequent USPPI, Freight Forwarder and/or Ultimate Consignee profiles.

Create USPPI Profile

1. On the AESDirect Main Menu, under “Profiles”, click “**USPPI Profile Maintenance**”.
 2. Click “**Add New USPPI**” in the lower right corner.
 3. Enter the required information. Click “**Save USPPI**”.
 4. To add the USPPI address, click “**View Cargo Origins**”.
 5. Click “**Add New Cargo Origin**”.
 6. Enter the Cargo Origin. Click “**Save Cargo Origin**”.
- Once the Cargo Origin has been saved, you will be brought back to Step 5. Add more cargo origins if needed for the specified USPPI.
- To return to the Main Menu, click the link in the upper right corner.
 - To add another new USPPI, click the “**Add New USPPI**” button in the lower right corner in the USPPI Profile Maintenance screen.

Process Flow of Creating a USPPI Profile

Create Freight Forwarder or Consignee Profile

The process below applies for both Freight Forwarder and Consignee Profiles.

1. On the **AESDirect** Main Menu, under “Profiles”, click “**Forwarder Profile Maintenance**” or “**Consignee Profile Maintenance**”.
2. Click “**Add New Consignee**” or “**Add New Forwarder**” in the lower right corner.
3. Enter the required information; click “**Save Consignee**” or “**Save Forwarder**”.
4. To return to the Main Menu, click the link in the upper right corner.
5. To add a new forwarder or consignee, click the “**Add New Forwarder**” or “**Add New Consignee**” button in the lower right corner.

Deleting Profiles

1. On the AESDirect Main Menu, under “Profiles”, click “**USPPI Profile Maintenance**”, “**Forwarder Profile Maintenance**” or “**Consignee Profile Maintenance**”.
2. On the lower left corner of the screen, enter the name of profile you wish to delete and click “**Search**”.
3. In the results, locate the profile you want to delete. Click on the “**Delete**” link next to the profile. A message will prompt you to confirm the deletion of the profile. Click “Ok”.

Loading Profiles

1. From the appropriate section in the EEI, click “**Select from Profiles**”. Enter at least 3 characters from the profile Name or ID Number. Click “**Search**”.
2. Click “**Select**” next to the Company profile desired. Choose the appropriate address for your USPPI, click “**Select**”
3. Review the profile; click “**Add to Form**”.

Zip	22207

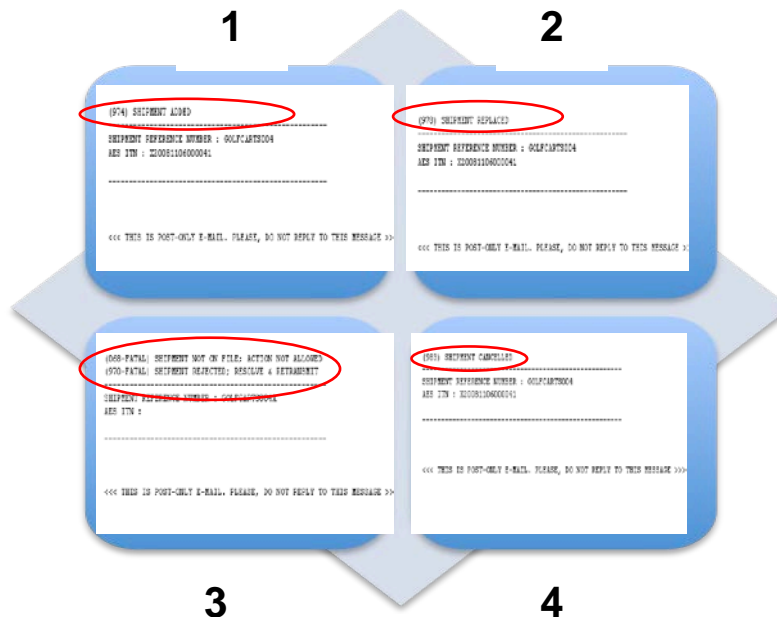

Process Flow to Load Profiles

AES Responses

Once shipments are processed by the Automated Export System (AES), a response message is generated. It will indicate the status of the shipment. These responses can be viewed from two different locations: **Response E-mail** and the **Shipment Reporting Center** within *AESDirect*.

Response E-mail

E-mail messages will be sent to the address listed in the Shipment Information section. Messages will indicate if the shipment has been Accepted (1), Replaced (2), Rejected (3), or Deleted (4). Do not depend solely on the e-mail responses to retrieve ITN. Always verify the Shipment Reporting Center for all response messages from AES.

Shipment Reporting Center

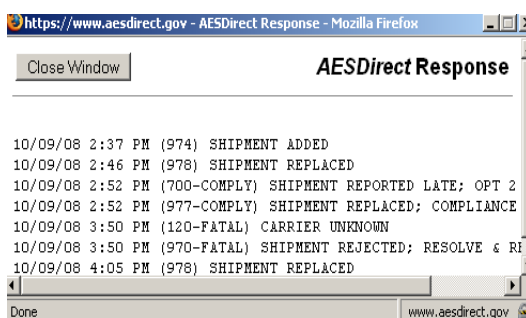

1. On the Main Menu under “Shipments,” click “**Shipment Reporting Center**”. A black screen will appear.
2. There are 3 options currently available (see lower left corner of screenshot):
 - View Responses
 - Retrieve Shipments
 - Retrieve Shipments by ITN

Daily Log	View Responses	Retrieve Shipments	Retrieve Shipments by ITN	Main Menu	Help
Select Shipment		Select USPP1			
Enter Shipment Reference Number:	<input type="text"/>	Enter USPP1 ID (EIN, Foreign) Number:	<input type="text"/>	Select From Profiles	Retrieve Shipment

View Responses

The tab to “View Responses” allows for AES generated responses to be retrieved for shipments sent to AES.

1. From the Shipment Reporting Center, click “**View Responses**” in the lower left hand corner.
2. Enter the USPPI ID number and Shipment Reference Number.
3. Click “**Get Responses**”.
4. The AES Responses messages will appear in a pop-up window.

AES Response Window

Retrieving Shipment Status

Once a shipment is submitted, its status may be verified by retrieving the shipment (see Retrieve a Shipment). A response will indicate if your shipment has been accepted, rejected, or canceled. The shipments below show examples of different AES Responses.

Example of an accepted shipment.
The ITN should be placed on loading documents.

Example of a cancelled shipment.
It is retrievable in AESDirect but the ITN and shipment are not active in the AES mainframe.

Example of a rejected shipment.
This occurs when an existing shipment with an ITN receives a Fatal Error after an update has been made. Shipment must be corrected and resubmitted.

AES Proof of Filing Citations

The **ITN** (Internal Transaction Number) is a confirmation number that serves as proof that a shipment has been accepted by AES. This number is unique for every shipment and must be provided to the U.S. Customs and Border Protection (CBP) at the port of export.

Once an ITN is assigned to the shipment, the shipment is ready for export. The exporter **must** cite the ITN on the first page of the bill of lading, air waybill, and/or other commercial loading documents.

Note: The XTN (Filer ID – Shipment Reference Number) is NOT accepted as an AES Proof of Filing Citation.

Predeparture Citations

- AES ITN
 - Example: AES X20130702111111

Postdeparture Citations

- If Authorized Agent files on behalf of the approved USPPI
 - AESPOST USPPI ID FILER ID Date of Export
 - Example: AESPOST 12345678900 987654321 11/01/2013
- If USPPI files EEI directly to AES
 - AESPOST USPPI ID – Date of Export
 - Example: AESPOST 23456789000 11/01/2013

Additional Resources

On the AES*Direct* Homepage, under the “Related Sites” section, you can find useful links to Government Sites and Partner Agency Websites.

Government Websites

Census Bureau – Foreign Trade Division (FTD)

<http://www.census.gov/foreign-trade/www/>

Provides information on Foreign Trade Statistics, Regulations, reference materials, and extensive details on AES.

Reporting burden for this collection of information is estimated to average approximately 3 minutes (.05 hour) per response for the Automated Export System, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to Paperwork Project 0607-0152, U.S. Census Bureau, 4600 Silver Hill Road, Room 3K138, Washington, DC 20233. You may e-mail comments to Paperwork@census.gov; use "Paperwork Project 0607-0152" as subject. No agency may conduct and no person may be required to respond to a collection of information unless it displays a valid Office of Management and Budget (OMB) approval number. The OMB approval number for this collection is 0607-0152.
